Agenda

Motion 1: Passage of the Budget

Motion 2: The Oxford Student subscription

- Ivett Berényi proposes that this JCR subscribes to *The Oxford Student* to receive biweekly printed copies.
- Experience in independent student journalism helps to build skills students need, both in their degrees, and onwards. This JCR already receives copies of *The Cherwell*, and it is important to diversify the access students have to newspapers to prevent bias. Subscriptions help to keep the newspaper alive and to organise events which connect students to the wider world of journalism.
- To support *The Oxford Student*, this JCR proposes to allocate £120 in subscription fees to deliver 30 printed copies of the newspaper biweekly this term (weeks one, three, five, and seven), helping to cover printing costs.
